### About Taylor Group Plumbing:

At Taylor Group we strive to provide quality service at the highest level so our customers can focus their lives and not their home system. Since 2003, we have provided excellent service to our customer so they can have a safe and healthy home or business. We genuinely believe we protect the health of the nation and we take it very seriously.

We're striving to become a 20 truck, \$12 million operation with 50 employees in the next 3-5 years. With our drive and confidence, we will achieve this goal by serving our customers along the way. We will take the necessary steps by technology training and consulting our team to achieve this goal.

As a family-owned company, we take care of our employees like they are part of our family. We truly value their contributions which is why we offer great and competitive compensation-and we always try to promote from within. Our management is there for our team to offer support and help them to grow professionally. Come join our family!

### Core Values:

- Safety First: In these uncertain times, safety is our main focus
- Wow every Customer: Put the consumer at the center of everything we do. Surpass expectations, every time.
- We believe reputation is everything: Satisfaction 100% money back guaranteed
- Best trained team in the business: We constantly train our team with trade knowledge and technology
- Excellence: We do challenging work and achieve incredible things. Excellence is one of our core values

Do you have a positive attitude? Are you creative? Are you professionally written? Are you a trainable and coachable learner? Are you a detail-oriented multitasker? If you like to have fun, you may be perfect for this position!
